Information & Records Policy

We maintain records and obtain and share information (with parents and carers, other professionals working with the child, the police, social services, ISI and Ofsted, as appropriate) to ensure the safe and efficient management of the setting, and to help ensure the needs of all children are met. We provide a two-way flow of information with parents and/or carers, and between providers, if a child is attending more than one setting. We incorporate parents' and/or carers' comments into children's records through Tapestry and parent feedback surveys.

Records are easily accessible and available. Confidential information and records about staff and children are securely held on SchoolBase which is password protected and access is only granted to professionals who need to see them. We are aware of our responsibilities under the Data Protection Legislation and where relevant the Freedom of Information Act 2000 and have whole school policies on Data Protection including Freedom of Information requests.

Staff are trained and understand the need to protect the privacy of the children in our care as well the legal requirements that exist to ensure that information relating to the child is handled in a way that ensures confidentiality.

Parents and/or carers may access records about their child, provided that no relevant exemptions apply to their disclosure under the Data Protection Act.

Records relating to individual children are retained for a reasonable period of time after they have left the provision.
